Kanawha County Emergency Ambulance
Authority's Educational Offerings

for Registered Nurses, Paramedics, EMT's and
many other healthcare professionals

KCEAA has a newly constructed auditorium for education and training. It offers stadium style seating with a maximum capacity of 85 people. We also feature break-out rooms for hands on scenario based training so all participants can perform procedures and skills on mannequins and utilize equipment.

KCEAA is proud to announce the addition of our Sim man and Sim baby lab which is the most realistic training available.

All of our educational offerings are approved for WVOEMS continuing education hours and most are approved for Nursing CE hours through the WV RN Board.

Applicants can be reimbursed 75% if cancellation occurs 2 weeks prior to the scheduled class, otherwise, no reimbursement will be made. Prices and class dates are subject to change. Preregistration is required for all classes and payment must be made prior to the class. Please call to confirm dates. **Log on to our website for registration and payment to most of our classes at www.kceaa.org.**

The American Heart Association strongly promotes knowledge and proficiency in BLS, ACLS and PALS and has developed instructional materials for this purpose. Use of these materials in an educational course does not represent course sponsorship by the AHA. Any fees charged for such a course, except for a portion of fees needed for AHA course material, does not represent an income to the Association. Training centers, training sites and/or instructors determine course fees.
